

ARGO AVENGER 8X8 ST

Specifications

Engine	Kohler Aegis LH 775 s
Displacement	747 ccm
Horsepower	22 kW (30k)
Engine type	4 cycle OHV gasoline-powered engine features electronic fuel injection (EFI), full pressure lubrication and V-twin cylinders.
Transmission	admiral
Final drive	RC50-2 and RC60 roller chain drive to all 8 axles
Body	Vacuum formed High Molecular Weight Polyethylene (HMWPE) one-piece lower body
Full skid plate	standard
Bilge Pump	standard
Winch	Warn ProVantage 3500 lbs
Dimensions (L x H x W)	3023 × 1524 × 1169 mm
Ground Clearance (Tires)	241 mm
Weight	603 kg
Load Capacity	485 kg or 6 persons (on water: 417 kg or 4 persons)
Towing Capacity	816 kg
Fuel capacity	27 l
Tires	Argo AT189 25x12.00-9 NHS
Brakes	hydraulic
Speed-Land	32 km/h
Speed-Water	5 km/h
Instrumentation	LCD Digital Gauge Cluster: Speedometer, Odometer, Voltmeter, Hour Meter, Tachometer. Low Oil Pressure, Check Engine and Parking Brake Reminder Lights
